

## 5 Foot Super Snare

HPC's patented 5 Foot Super Snare allows you to enter a vehicle and pull up buttons, grab keys, pull open levers, and much more! The CO-78 is a 5 foot long (150cm) metal tube with a wire inside that forms a loop on the end. To open the loop, slide the handles together. To close the loop, slide the handles apart. The 5 Foot Super Snare lets you go where no other car opener ever has! It is easily bendable and has a rubber tip to help protect the interior of the vehicle.

Method of Entry:

- Through Car Style
- Lasso Style
