

Silca Slot Key for Volvo®

HU152S16

Packaging

Aluminium emergency blade

Silca is pleased to introduce a new reference for duplicating Volvo® slot keys: the perfect solution for replacing damaged or lost keys, or to have a duplicate in case of emergency.

What are the main features?

The Silca Slot Key for Volvo® has a similar design as the original key and is supplied ready-to-programme with the PCB, transponder and emergency blade included.

It has five function buttons (lock, unlock, boot release, lights and hazard lights) and can be used on the vehicle models listed below. The key can be programmed with Advanced Diagnostics devices. The key is packed individually in a plastic clamshell for easy identification and hook display.

CE The Silca Slot Key for Volvo® has been produced in conformity with CE mark European standards.
